WORK EXPERIENCE

Internship

Full Stack Development (MERN)

Dec 2024 - Mar 2025

- Focused on frontend development using **React**, **HTML**, and **CSS**, creating responsive, user-friendly interfaces for web applications.
- Developed reusable React components, improving application performance and enhancing user experience.
- Collaborated with backend developers to integrate frontend interfaces with backend APIs and ensure seamless data flow.
- Applied **React hooks** and **Context API** for effective state management and smooth user interactions.
- Contributed to responsive design implementation, ensuring compatibility across different browsers and devices.

EDUCATION

St. John's College

Bachelor of Computer Science (BSC) - 8.0 CGPA

Jun 2020 - Jun 2023

St. Xavier's College

Master of Computer Application (MCA) - 8.5 CGPA

Jun 2023 - Jun 2025

PROJECTS

Hotel Booking Web Application (Frontend) [🔗](#)

- Built the frontend of a hotel booking web application using React, Redux, and React Router for seamless navigation. Designed a responsive user interface with CSS, providing a smooth and engaging experience across devices.

University Web Application (Frontend) [🔗](#)

- Developed the frontend of a university web application using React, Redux, and React Router for smooth navigation and state management. Created a responsive and interactive user interface with CSS, ensuring a seamless experience across all devices.
